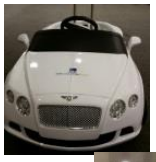
The Little Car Yard

Paul Duncombe from Technical Aid to the Disabled (TAD) and Kirsty Bartlett-Clark from St Giles.

Babies and toddlers with disabilities are now being introduced to the wonderful work at TAD and St Giles, with electric cars modified for littlies to enable them to be mobile and interact with the world through movement. The team are seeing the joy in these very young people, at their being able to move without someone pushing them. The cars are modified to suit each child's need for physical support and ability to control the car.

The Cool kids now drive a Bentley!



Please check your money boxes and bags
