Notes:

Melissa C has taken on the guest speaker program and she gave us an idea of her plan for this year. To tailor the talks to the rotary monthly theme is a fabulous plan and all suggestions will be gratefully received. Please refer to her e mail and pass on ideas to her or to the directors or project leaders for the topic. One thought is for the 5th Tuesday meetings to be informal/social events.

LAST WEEK'S FORUM:

Topic: Corporate Membership

All tables had lively discussion around this topic and good discussion points were aired for further consideration. Businesses can promote themselves to the community and their staff by being involved in community projects through Rotary. University may be a source of membership attraction. Small business in our area may be better than large corporations for gaining local members and associate members. Need to be aware that corporate membership is not corporate sponsorship.

A point to ponder in regard to recruiting members:
"Why is our club special?"
