

# Salamanca Sounds

Bulletin of the Rotary Club of Salamanca  
(Tuesday 20<sup>th</sup> December 2016)

**ON DUTY TONIGHT:**

Stormy morning

**NEXT FEW WEEKS:**

Summer break

**NEXT BREAKFAST MEETING:**

January 17<sup>th</sup> 2017

**Last Week: Mark Dwyer from HCC: Senior Environmental Health Officer**

Mark described the immense changes that have seen his portfolio change from the “rubbish” part of the council’s old description of just “Roads, Rates and Rubbish”, to a profession of air, water, food and environmental safety. He described the transition from his beginning with a certificate from the Technical College, to the degree status now required by members of his team.

His department covers an enormous range of environmental issues: all aspects of food safety including training courses and surveillance, disease prevention, immunisation, epidemics, emergency management for disaster areas, public health nuisances, noise complaints, pollution, septic tanks, contaminated land, unhealthy housing, water quality, mass gatherings health and safety.....

A timely reminder to all about safety with food practices and party safety this holiday season

**From the President, Keith:**

Thank you to everyone in the club for participating in such a range of activities and projects so far this year. Many more to come in his presidential year!
